TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

WILMINGTON, N. C.

Saturday, November 1st, 1873.

A PROCLAMATION,

By the President of the United States of America.

The approaching close of another year brings with it the occasion for renewed thanksgiving and acknowledgment to the Almighty Ruler of the Universe for the unnumbered mercies which He has bestowed upon us.

Abundant harvests have been among the rewards of industry. With local exceptions health has been among the many blessings enjoyed. Tranquility at home and peace with other nations have prevailed. Frugal industry is regaining its merited recognition and its merited rewards.

Gradually, but, under the providence of God, surely, as we trust, the nation is recovering from the lingering results of a dreadful civil strife.

For these and all the other mercies vouchsafed, it becomes us as a people to return heartfelt and grateful acknowledgments, and with our thanksgiving for blessings we may unite prayers for the cessation of local and temporary sufferings.

I, therefore, recommend that on Thursday, the twenty-seventh day of November next, the people meet in their respective places of worship, to make their acknowledgments to Almighty God for His bounties and His protection, and to offer to Him prayers for their continuance.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 14th day of October, in the year of our Lord one thousand eight hundred and seventy-three, and [L.S.] of the independence of the United States the ninety-seventh.

U. S. GRANT.

By the President:
HAMILTON FISH,
Secretary of State.

Mr. Nast and the Herald.

The New York *Herald* is on a rampage. Thomas Nast's cartoons have been so piercing that they have struck through Mr. Bennett's epidermis. The object of the *Herald* in parading Cesarism, has been more effectual done by Mr. Nast, than the paper could have hoped for when it first started it. Mr. Nast has thoroughly advertised Cesarism, and laughed it out of countenance.

The *Herald* has commenced a warfare upon an individual who is earning a livelihood by the pursuit of a business which gives pleasure and instruction to thousands. The creations of Mr. Nast's imagination will live when the spiteful efforts of those whom he has successfully held up to public scorn or ridicule are forgotten.

The *Herald* is right in saying that Americans ought to recognize the merits of this great artist; and the wretched attempt to belittle the man, and the great publishing house of the Harper's will not greatly redound to the individuals making it. Go ahead, Mr. Nast, the laugh is with you.

Cowper's lines upon cruelty to animals are pathetic, but not half severe enough. To have been deprived of that amiable poet's friendship would not have been a severe punishment to a brutal driver of horses, or dog fancier. The remedy for a wretch who maltreats dumb animals or puny insects ought to be, and is in the best communities, regulated by penal statutes. Although the humane Mr. Bergh, President of the Society for Prevention of Cruelty to Animals in New York, was sometimes laughed at by certain of the press of that city, in the early career of his mission, now the juster sentiment of the public yields him a hearty support.

In our own city there are many who would willingly become agents of a society empowered to prosecute criminally any person guilty of brutality to inferior animals; and it needs but some energetic man to place himself at the head of a movement for such an organization to make it a success.

— A tea broker writes to the London *Times*, suggesting that the adulteration act be suspended in favor of green tea artificially colored. It appears that the brokers have large quantities of such tea on hand, which the grocers, who find themselves subject to penalties for selling it, will not take. The result is that these dishonest importers have been indirectly fined nearly or quite $2,000,000—the valuation of such stock on hand.

— They are seriously talking about pulling down old Lambeth Palace, the home for centuries, of the Archbishops of Canterbury, and withal one of the most picturesque points of view in the steamboat journey up the Thames.

EDITORIAL BUDGET.

— Without reckoning exports, the English consumption of coal amounts to 100,000,000 tons per annum.

— Many of the balconies in London are reported in a dangerous condition, and people are warned against stepping out upon them.

— The *Spectator* says that Mr. Arch's first report from America is likely to send the agricultural laborers out of the south of England in thousands.

— Month by month the serpenticidal zeal of the population of Madras, India, has been more aroused, till, in March, 1873, the number of snakes destroyed was 425,057, and the rewards not less than £5,313 4s. 1½d. Taking the year as a whole, the number of snakes destroyed in the presidency was more than one million and a quarter, and the money paid in rewards was £15,728 16s 9d.

— The New York *News* says: "The death of John C. Heenan has attracted more regretful notice than usually attends the passing away of men of his condition. This sympathy is due partly to the remembrance of his splendid championship of America in the contest with Sayers, and partly to the popular recognition of the athlete's true and honest manhood; for he was a good-natured and a kind-hearted Hercules, faithful to his friends and square with his enemies. His surroundings were not of a nature to elevate him, but they failed to degrade him. He had not, perhaps, the social advantages that some bank cashiers and high-toned officials enjoy; but he would never have been a defaulter, never would have absconded with public moneys or private funds. It will not do, of course, for a civilized community to glorify a prize-fighter beyond men of a more peaceable profession; but of John C. Heenan it might be safely said, 'We could have better spared a better man.'"

We are in receipt of a communication from one of our citizens urging upon the members of the legal fraternity the propriety of taking some steps to erect a tablet or tone of some description over the resting place of Hon. J. R. McLain, who living was one of the brightest of their number. So says the Greensboro *Patriot*.

THANKSGIVING PROCLAMATION.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, October 22d, 1873,

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath yielded bounteously of all the products of its soil so that the garners of the husbandman are filled to overflowing; and the industrious mechanic has realized a rich reward for his labor, and every class of our population prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State: Now, therefore, as it becomes us, a grateful people, to render thanks to Almighty God for these and numberless other blessings showered upon us in His great mercy, I, Tod R. Caldwell, Governor of North Carolina, in obedience to law and in conformity with an honored precedent, do appoint and set apart

Thursday, November 27th, 1873,

as a day of public Thanksgiving throughout the tate; and I do earnestly invite the clergy of every denomination to open their respective houses of worship on said day, and to exhort their congregations to humble themselves before the throne of the ever living God, and render unto Him praises which are justly due, invoking for themselves, their State and their whole country His guidance and protection throughout all time to come.

"O come, let us sing unto the Lord, let us make a joyful noise to the Rock of our salvation."

"Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms."

Done at the city of Raleigh, on this the 22d day of October, Anno Domini one thousand eight hundred and seventy-three, and in the ninety-eighth year of American Independence.

TOD R. CALDWELL.

WHICH IS THE BEST!

Which is the *best* Sewing Machine, is a point on which different Companies differ, each, of course, thinks *its own* the best, but if the point were to be decided by *popularity* the Howe Machine would surpass all others. It is a noticeable fact that the Howe Company has

SIX HUNDRED THOUSAND

of their Machines in use although having existed but *six* years, while the Company which claims to have most in use, has only about *twice* that number, though having existed for *twenty* years. Until the year 1866, ELIAS HOWE, JR., the

ORIGINAL INVENTOR OF SEWING MACHINES,

did not manufacture, but was content with receiving the royalty which all Sewing Machine Manufacturers had to pay him for the use of his Patents. A sample of each Machine was sent to Mr. Howe before a license could be obtained. Constant study upon them enabled him to avoid the defects of each and improve upon the excellences of all. This fact explains the

WONDERFUL DEGREE OF PERFECTION

to which Mr. Howe brought his latest pattern of Machine, without which advantages such a result could not have been achieved. These facts should be borne in mind by all who intend to purchase a Sewing Machine. As the purchase of a Machine may be the act of a lifetime with some, care should be taken to

PURCHASE ONLY THE LATEST AND BEST.

THE sudden bursting of an immense column of dense black smoke this morning in the direction of the workhouse, was the subject of much speculation among observers, as to its cause, effect and scene of action. It is fair to presume, that it was the bursting of the brick kiln, if at the work house.

MR. JAS. H. BAILEY, who is well known to a great many of our citizens offers his services as a Terpsichorean professor to his old friends and acquaintances. The hall in the Bank of New Hanover has been secured by him as an assembly room for his classes. For terms, etc., see advertisement.

A MUCH NEEDED IMPROVEMENT.—The city authorities have determined to lay the Schillinger pavement from the Opera House entrance to the street. This is to be laid in blue granite, Schillinger patent, the first of the kind in the city. Thus the improvement proceeds.

Wesley Parker, assault and battery, fined ten cents and costs.

Lizzie White, assault, continued till Tuesday.

SUPERIOR COURT.—The trial of the Carter murderers was continued last night, and the case closed. Mr. Mabson made the opening speech, during which the Court adjourned until this morning, when he resumed his remarks, speaking about an hour. He was followed by Mr. Solicitor Cantwell, who spoke until the adjournment of the Court, but has not yet finished. Mr. Frayser will speak this afternoon, and the case will then go to the jury.

THE TOWN CRIER.

— Mild.

— Gold is 108⅞.

— November has come.

— Go to church to-morrow.

— Where is our black and tan?

— Court is over and officials rest.

— The Weldon Fair was a success.

— Now is the time to buy your fuel.

— Two seamen went to the workhouse.

— Read the Governor's thanksgiving proclamation.

— One unfortunate went to the hospital this week.

— The police only arrested 8 offenders the past week.

— The water in the Cape Fear river is very wet this year!

— It is astonishing how loud a clock ticks when you are alone, hard at work at midnight.

— To-night is the time to pay hands, and lucky is the man who has the stamps to do so. We are lucky.

— The modest grape recedes before the rush of the valiant oyster. We are sad and yet rejoice. But wherefore?

— Our *Journal*-ist neighbor is slow—very slow. But then the foreman is to blame for dating the page one month back.

— Our advertisements are good Sunday reading. Try them. It is curious to note the wide awake men of the city who are smart enough to advertise. Men too narrow minded to advertise in a Republican journal are too contracted to do a liberal business.

GET THE BEST.—Not only did Mr. Howe invent the First Sewing Machine, but for twenty-seven years of his life labored to render it more simple and effective, until it would seem that no candid observer, examining the simplicity of its construction, and perfectness of its work in all kinds of sewing, but must at once see and admit its general superiority to all others.

Not only is this true of its vital principles and its ingenious devices, but is also true in regard to the perfection of its manufacture. This has been attested by the highest authority—the machine receiving the *First Prize at the Paris Exposition in* 1867, and Elias Howe, Jr., the cross of the legion of honor as promoter of the manufacture of Sewing Machines.

A Little Song.

Ayd sing a song of hope and praise,
Of tears and rest, and wrong made right,
With tender words in poet's ways
That raise our Earth thoughts to the light
Of Heaven, and love, and thankful be
The Father sends a song to thee.

Well! let the proud man laugh and scorn,
And let his proud acts rule him still;
Hath ever in his heart been born
A thought of love? and shall his will
Rise victor one day on the longing soul,
That not the mass but one heart would control?

The moon, the air, the sun may live or die
The hour will come when neither will he know,
When daily through his life one longing cry
Will meet them all with one incessant flow
To have the song of love the poet told,
Rest in his heart, and all its glad throbs hold.

I will, I must, I shall accept it now,
Not wait the drooping of my head among
The treasures of dead hope's; pride, all shall bow
Beneath the glory of a love song sung,
And through a trust eternal as the skies
My heart is his, with Heaven in his eyes.

The report of the committee to prepare an address to the Church from the Synod, was read, and on motion, was accepted and printed on the appendix of the minutes.

Moved and seconded that the report of Rev. Mr. Smith, Agent of Publication, be forwarded to the Editor of the North Carolina *Presbyterian* to be published by him.

Rev. H. G. Hill offered a resolution to the effect that the Synod recommend the North Carolinia *Presbyterian* to every Presbyterian in the State, and on motion was accepted and adopted.

Moved and seconded that the Rev. Mr. Jordan, of Oxford, be requested to address the Synod in relation to the Oxford Orphan Asylum. Carried. [Mr. Jordan spoke at some length, giving in detail its history and progress since its opening to the present time, stating that there was a great want of blankets and winter clothing, and often there was an imminent danger of the limited supply of provisions giving out before more could be obtained, owing to the meagre supply of funds at the treasury.]

The Rev. Walter W. Pharr offered the following resolution, which was unanimsly adopted:

Resolved, That the thanks of this Synod be hereby extended to the members of this church, and the citizens of this city, for their kindness and hospitality to the members of this body during this meeting; to the churches of other denominations who have opened their houses of worship to the members of this Synod; also to the railroad companies and steamboats who have passed our members for one fare, and that the papers of this city are respectfully requested to publish this resolution.

The Rev. Mr. Rumple stated that the committee appointed to examine the Sectaries report, found them well kept, and to the entire satisfaction of the committee.

Adjourned until 3½ o'clock.

Sam Harriss, a very worthy negro man, living about four miles from Halifax, crossed the Roanoke river, early Monday morning, going over into Northampton county to hunt turkeys, and in ascending a steep bank near the river, used his gun as a walking stick. The gun being below and behind the unfortunate man, from some cause, fired off, the entire load entering his body, killing him instantly.—Beware of firearms, they are dangerous articles.—*Weldon News*.

The Raleigh *News* says that His Excellency, Gov. Caldwell, yesterday issued pardons to B. and H. Draughan, convicted at the Spring term, 1870, Edgecombe Superior Court, of burglary and larceny, and sentenced to five years in the Penitentiary. The application for pardon was numerously signed by prominent citizens of the county, and recommended by the Solicitor that prosecuted the case.

STATE ITEMS.

Magnolia has shipped steam wash boilers to Egypt.

The Knights of Pythias of Newbern have sent $25 to Memphis.

There are 126 scholars now in attendance on the Methodist College in Greensboro.

A hunting party in Rockingham county recently killed 126 squirrels, 48 partridges, 8 ducks and 1 turkey.

The editor of the Monroe *Enquirer*, W. C. Wolfe, Esq., has committed matrimony. We wish the couple happiness.

The Greensboro *Patriot* learns that a number of Friends who came recently to this State to attend the Yearly Meeting will remain having sufficiently tried the West.

After the first of November the mail will be carried by rail daily from here to Salem and Winston and intermediate points, doing away with the horse mail from here and also from High Point.—*Greensboro Patriot.*

A pardon was also issued to Andrew Sharpe, convicted at the Fall term, 1872, of Hertford Superior Court, of laceny, and sentenced to three years in the Penitentiary. The application for this pardon was also signed and recommended as above.

We learn, says the Kinston *Gazette*, that last week while Mr. J. T. Askew's wife was engaged in starching clothes, their little boy, who was playing around its mother, accidentally pulled a bowl of hot starch over, scalding himself very badly, from which it is doubtful if he recovers.

Says the Greensboro *Patriot* of the 29th inst: "Dr. Pepper, of Danbury, has in his possession a diamond about the size of a dime picked up in the sand taken from the river and thrown in his yard. The stone is of rare quality, pure and clear. It has been pronounced by persons professing experience in such matters a gem of the first water, but he is now North, where he will have it tested by experts. Its value s supposed to be about $5,000."
